# MEDICAL PAN CAROUSEL

The Vidir Medical Pan Carousel is a fully automated storage system with carriers that rotate up and down to deliver items to the operator at an ergonomic height. The carousel can recover an average of 80% of your floor space by utilizing overhead space for storage, increasing inventory accuracy, providing greater security, control, and increasing workplace safety. Simple and intuitive controls easily interface with enterprise level ERP and WMS systems to provide a fully integrated storage solution.

- Recovers average of 80% of your floor space
- Improved security with optional gates, password protection, and access logs
- Can operate and track inventory as an individual database or integrate with enterprise level ERP systems
- Increased workplace safety
- Increased picking accuracy and speed
- Access to stored products at all times with the emergency rotation feature
- Flexible carrier configuration options to meet changing inventory needs
